Declaration and signature

I certify that I am not in default on any Title IV funds, do not owe a refund on any U.S. federal grant or loan and have not borrowed in excess of the Direct Loan program's loan limits.

I understand that if there is a change in my course load (e.g. drop below half time), cumulative GPA, academic standing (e.g. in probation or excluded from regular program), receive a scholarship during the year, my student information or any other information that may affect the loan amount I already received or will receive, I will promptly notify, in writing, the Financial Aid Office of Université de Montréal.

I also understand that my eligibility for any loans will be reassessed and if all/some funds need to be returned, I agree to do so.

The U.S. Department of Education regulations state that a school must return loan funds if a student has not completed a minimum of 60% of the payment period (i.e. fall, winter or summer session). Therefore, I agree to refund Université de Montréal on any loan funds returned on my behalf.

I understand that the following programs are ineligible for title IV funding under the Direct Loan Program: programs offered in whole or in part through telecommunication, otherwise known as distance education; programs in whole or in part (more than 25%) through correspondence; programs offered in whole or in part through direct assessment; programs for which any portion of the program is provided by an entity that is not eligible to participate in the FSA Programs (internships and externships), and with limited exception; programs offered in whole or in part in the United States. By signing my name below, I acknowledge that enrollment in any of above listed programs or courses will immediately disqualify me for Title IV funding and may result in the immediate repayment of all Title IV funds to the US Department of Education. Only the bachelors, masters and PHDs programs are eligible for Title IV funds.

I confirm the above information and the information provided to the United States Department of Education to be true and complete. I recognize that any false statements could entail the rejection of my application.

I assert that I have read the rules and regulations for all relevant funding and understand my risks and responsibilities as a student and as a borrower.
